

Weekly Homework

Name _____

FYI:

- Thank you for the OUTSTANDING work that you did on the landform projects! The children were extremely proud of their hard work as was I. Your support is what extends the thrust needed in order for your child to *"Soar into academic infinity."*
- First grade **parent meeting** is on **Tuesday, September 9th** at 6pm in the media center. I will see you there!
- Your child's bi-weekly progress report went home on Friday. Check your child's V.I.P. folder, sign and return.
- *Eating tops and bottoms*-- In our study of the parts of a plant we will learn that you can eat all parts of some plants—flowers, stems, leaves and roots. **On Friday**, bring in already prepared, washed and bite-sized vegetables to share. (I am not able to wash or cut vegetables during the instructional day). Please think outside the box to provide a new experience for the children. We will tell what part of the plant it is before we eat them. I will supply the dip and dressing.
- Our first fieldtrip is **Thursday, September 25th** to Hillcrest Apple Orchards in Ellijay. The trip costs \$10.00 for anyone who attends-- student and adult. Please turn in your money and permission slip by this Friday, September 12th.
- Thank you for all of your support which includes sending your child to school prepared, rested and ready to learn, sharing your time, supplies and snacks.

Mrs. Banks' Homework Sheet

September 8-12, 2008
